### Professional Summary

---

Experienced Software Engineer with over 5 years of mastery across a diverse technology stack, spanning .NET, .NET Core, C#, ASP.NET, SQL, React, Angular, Azure DevOps, Web API development, Restful API design, stored procedures, and Entity Framework. Committed to continuous personal and professional growth through collegiate courses and online boot camps. Valued for reliability and accountability, fostering trust and collaboration within teams.

### Skills

---

Frontend: React, Angular, HTML, CSS, JavaScript

Backend: C#, .Net Core, ASP.NET, .NET Framework, Entity Framework, MS SQL, Stored Procedure.

Others : Azure DevOps, Web API, Restful API, Agile Methodology, Postman, GIT, JIRA, Redhat Openshift.

### Work History

---

#### Software Engineer

04/2022 – Current

**HCL Technologies** — Bangalore, India

**Project: IKEA-INTER-MOSP-UI-MOD-RFB-FY24**

C#, .NET Core, SQL, React, Azure Devops

- Collaborated with development and testing teams to craft robust solutions meeting client needs for functionality, scalability, and performance.
- Efficiently managed time to consistently meet project deadlines, prioritizing tasks effectively.
- Analyzed customer requirements to propose technical solutions aligned with their needs.
- Modernized outdated technology bases, enhancing functionality and improving development standards.
- Worked closely with clients to ascertain solution requirements.
- We are using .NET, .NET Core, C#, ASP.NET, SQL, React, Angular, Azure DevOps methodologies, Web API development, Restful API design, stored procedures, and Entity Framework.
- Deployed a software update, slashing system errors by 50% and boosting application performance by the same margin.

#### Full Stack Developer Trainee Engineer (Internship)

02/2021 – 06/2021

**Palle Technology** — Bangalore, India

**Project: APARTMENT MANAGEMENT SYSTEM**

C#, .NET, SQL, Angular

- Grasping the foundational principles of .NET and Angular development frameworks.
- Supporting senior developers in crafting and refining web applications utilizing .NET and Angular.
- Playing a pivotal role in testing and debugging to ensure application reliability and functionality.
- We utilize C#, .NET, Angular, and SQL in our technology stack.

Trinity Technologies — Bangalore, India

Project: BOSCH Automation

C, C++, E-PLAN, TIA-Siemens, Rexroth

- PLC programming for Automation Industries.
- Inspected completed installations to observe operations and verify conformance to design and equipment specifications.
- Successfully managed multiple projects simultaneously by setting clear goals, prioritizing tasks, and monitoring progress.
- Reduced electrical construction hazards with upgraded safety policies and stringent enforcement.
- Calibrated and repaired existing systems to maintain functionality.

## Education

<b>BACHELOR OF ENGINEERING IN ELECTRICAL AND ELECTRONIC</b>	04/2017
Karpagam College of Engineering Coimbatore, Affiliated To (Anna University)	GPA: 6.5
<b>DIPLOMA IN ELECTRICAL AND ELECTRONIC ENGINEERING</b>	04/2014
SREE KUMARAGURU POLYTECHNIC COLLEGE	Percentage: 80.71%
<b>SSLC</b>	04/2011
E.R.K Higher Secondary School	Percentage: 59%

## Personal Information

Date of Birth: 02/11/1995

Passport No : P3371679

Address : 4/367, Pachinampatti, H.Doddampatti(PO),  
Harur (TK), Dharmapuri (DT), Tamilnadu-636903.
